

Software Developer

Are you a passionate coder who loves the outdoors and is looking for a change? Consider joining our team in beautiful Sheridan, Wyoming.

AgTerra Technologies, Inc., a developer of data mapping and collection software and hardware for the agriculture and natural resources industry, is looking for a Software Developer. This person will be responsible for developing software components for our products from conception to delivery. Skills developing secure web and mobile applications capable of handling large volumes of data are core to our company.

Minimum Required Knowledge/Skills

- C#, HTML, JavaScript/Java, Microsoft.NET framework, Microsoft SQL Server, SQLite databases
- Solid understanding of good build/release engineering process
- Experience in application design/development, preparation of requirements, debugging, performance testing, and releasing completed software
- Database design and normalization
- Bachelor's Degree in computer science or related field (equivalent industry work experience considered)

Desired Knowledge/Skills

- Android Development Kit; Swift or Objective C; Xamarin, jQuery, Python and GIS
- Exceptional programming skills in web and mobile computing environment
- System administration experience
- Technical and skills certifications are a bonus

If you are curious, possess deep technical knowledge and collaborate well with others, we want to talk to you. We offer competitive wages and excellent benefits.

About Sheridan

AgTerra Technologies is nestled at the foot of the Big Horn Mountains in Sheridan, Wyoming. This city in northeastern Wyoming is full of spectacular scenery and extensive outdoor recreational activities including camping, fishing, wildlife, hunting, hiking, golfing, biking, skiing and more. With a perfect balance between small town living and vast cultural and entertainment opportunities, there is something for everyone in Sheridan. In Wyoming, we enjoy a low cost of living, good schools, low property and sales taxes and NO income tax.

How to Apply

If you are the candidate we described above, email your resume, examples of your work and references, and your salary requirements to: employment@agterra.com for immediate consideration. Due to the collaborative nature of this position, telecommuting will not be possible; candidate must be willing to work at our headquarters in Sheridan.
